Brindishe
Green

What has been happening this week?

This week our Nursery children visited Manor House Gardens library with their teachers and parents. They enjoyed looking at wildlife in the park and reading stories in library. Thank you to everyone who made the visit a success.

Also this week, some Year 6 children from across the federation met at Brindishe Manor for a special writing workshop. They wrote some beautiful pieces and impressed their teachers with their imagination and commitment.

And finally, today we all had a wonderful day celebrating Number Day! We were so impressed with the number of children and staff who came to school wearing numbered clothes. Thank you to everyone who participated.

Children's Mental Health Week

This week children have been learning about looking after their mental health as part of national Children's Mental Health Week. Teachers shared resources and Ms Debbie led an assembly for Years 3 and 4.

What is happening next week?

On Monday, our Year 4 classes will visit The Science Museum. Thank you to all our parent/carer volunteers who have offered to support.

Next Tuesday is Safer Internet Day, and the children from across the school will learn about the importance of keeping safe while online. Although this is something we are continuously educating the children on, Tuesday is a national day to remind everyone of how to keep themselves safe.

Manipulative Marketing in Mobile Games - Better Internet for Kids

Children are increasingly becoming major components in the online games industry. **Many games are deceptively pay to play, whilst claiming to be free.** For most of these apps the download is free but most of the gameplay is locked. Free in the context of apps is a highly flexible term. Online gaming firms use the 'free' label to draw in players, whom when talking about minors may be attractive due solely to that quality. Money making tactics such as these, can be hard to detect even for adults. Their use of bright colours, distracting music and other methods can be highly persuasive in gaining players. **Better Internet for Kids** has crafted a learning module designed to explore digital marketing tactics. **You will learn why companies use these tactics and how they can impact your child and their rights.** You will also learn how you can support your child to spot and avoid these issues, as well as where you can seek help and support.

A Few Reminders

We share the following information with our new families when they join our school, and we wanted to take the opportunity to remind everyone of a few points that help our school run smoothly and safely:

- Children must come off their scooters and bikes before they reach the school gate. These should be pushed to the racks. They must not ride them until they have left the school premises.
- Only a watch and stud earrings can be worn in school. Children should not wear bracelets, necklaces, hooped/dangly earrings or Smart Watches.
- We ask that adults come off their mobile phones before coming through the school gates please.
- Dogs should be left outside the school gates.
- Children must not bring in any nuts or nut-based products, such as chocolate hazelnut spreads. No sweets or chocolate bars please.
- Children must only bring in water to drink - no juice or squash please
- If your child needs to have medication in school, including epi-pens or asthma pumps, please bring this to the school office on the first day in a clearly labelled bag with your child's name, DOB and class. These must not be kept in children's bags.
- Please do not buy a big bag for your child. It is tricky to fit 30 big bags and coats into our small cloakroom.
